Skills

- C, C++, JavaScript, DSA, Node, Express, React, Vue, Redux, Mongodb, jQuery, NoSQL, Git, RESTful APIs, GraphQL
- AWS, CI/CD, XUnit, Jest, Unit Testing, Lambda, OOP, Docker, Kubernetes, Jenkins
- Microservices, Distributed Systems, Frontend, Backend, Full-Stack, English, Gujarati, Hindi

Experience

Software Developer, Intern	<u>SoftCoding Solution</u>	<i>Ahmedabad, Gujarat</i>	02/2024 - Current
<ul style="list-style-type: none">• Led the design and development of multiple enterprise-level microservice applications.• Implemented web applications using React, Node.js, Express.js, RESTful APIs, AWS, and Docker, significantly enhancing client project user experience by 30-40%.• Designed and implemented scalable APIs using Express.js and Node.js.• Managed full lifecycle development from system requirements and partner dependencies to software implementation, testing, deployment, and integration of metrics, alarms, monitors, and dashboards.• Improved system insights through telemetry integration for comprehensive logging and API performance monitoring.• Orchestrated CI/CD pipelines, conducted rigorous testing including load/stress, unit, integration, and E2E tests using AWS, Docker, Jenkins.			

Education

Bachelor of Engineering	<u>L.D College of Engineering</u>	<i>Ahmedabad, Gujarat</i>	09/2021 - 07/2025
<ul style="list-style-type: none">• Electronics and Communication Engineering			7.98/10.0
12th Science	<u>Hari Om School Of science</u>	<i>Surat, Gujarat</i>	06/2020 - 07/2021
<ul style="list-style-type: none">• Higher Secondary Education Board (GSEB)			80.61%

Projects

Bizcommsync-app	02/2024 - 07/2024
<ul style="list-style-type: none">• Led end-to-end development of a scalable client communication and management platform using React.js, Node.js, Express.js, and MongoDB.• Optimized client management for 1,000+ clients, improving data accessibility by 30%.• Implemented real-time messaging, reducing response times by 50% and enhancing client satisfaction.• Streamlined data handling with CSV uploads, reducing manual entry by 40%.• Managed robust communication history for 100,000+ interactions.• Created a user-friendly interface with Material-UI, boosting user adoption by 40%.• Leveraged AWS (EC2, S3) for scalable and reliable infrastructure.• Implemented CI/CD pipelines with AWS CodePipeline, achieving 99% code reliability.• Architected a microservices-based system for modularity and scalability, improving system performance by 25%.• Utilized advanced data analytics to generate actionable insights, leading to a 15% increase in client retention.	

Achievements

- Achieved a **Global Rank of 965** (top 0.24%) and **All India Rank of 194** (top 0.5%) in **LeetCode** Contest 402.
- Team lead in the **Smart India Hackathon**. Designed and developed a winning app, securing **6th** place at the university level.
- Achieved a **LeetCode rating of 1510+**, demonstrating exceptional algorithmic proficiency and placing in the **top percentile** of competitive programming.
- Awarded **Best Intern** at **SoftCoding Solution** for outstanding performance and significant contributions to enterprise-level projects.
